TYPES OF INCOME

1. Direct Income
2. Level Income
3. Matrix Income (Global Auto Pool Income)
4. Team Sponsor Income
5. Team Direct / Team Level Income
6. Reward Income

DIRECT INCOME

Direct income is calculated at a fixed rate of 10%, but it depends on the user's own joining package.

If a user joins with the ₹2250 package, they will earn 10% only on ₹2250, regardless of the package chosen by their downline members.

Even if their team members join with ₹2250 or ₹4500, the user will still receive income calculated only on ₹2250.

If a user joins with the ₹4500 package, they will earn 10% on ₹2250 and ₹4500 levels only.

Even if their downline members join with ₹2250, ₹4500, or ₹17000 packages, the user's income will still be limited to their own package level
